HOW MRS. BEAN MET THE CRISIS

Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—"When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought Lydia E. Pinkham's Vegetable Compound would cure it. It helped both the Change of Life and the tumor and when I got home I did not need the doctor. I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell every one how I was cured. If this letter will help others you are welcome to use it."

—Mrs. E. H. BEAN, 525 Joseph Avenue, Nashville, Tenn.

HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: (1) We are twins. Do you think it is proper for us to take our boy friends out camping with us? We are 17 years old and we own a summer cottage.

(2) I have been going with a boy for almost two years. I am with him almost every Sunday and we correspond through the week. He goes with another girl sometimes. Do you think he cares anything for me?

(3) Do you think tulle suits are too dressy for street wear?

TWINS.

(1) It would be all right for you to invite the boys to spend two or three days at the cottage if your mother is with you.

(2) He likes you, but he does not love you or he wouldn't want to go with the other girl.

(3) No.

Dear Mrs. Thompson: I have been away on a vacation and while I was gone I met a very nice young man. He seemed to like me very much. He said that I should write to him when I got home, and I did, but he hasn't answered my letter. It has been two weeks since I wrote. Would it be all right for me to write again?

WORRIED.

Don't write again. He will write to you if he cares to correspond.

Dear Mrs. Thompson: There is a girl friend of mine who works downtown. We both have the same lunch hour. I have succeeded in not noticing her at the restaurant where we eat until I was safely seated. But the other day we happened to go in together and so we sat at the same table. I felt I had to pay for her lunch and so I did. Was it necessary?

T. B. K.

It was not necessary to pay for her lunch. She should not have let you.

Dear Mrs. Thompson: (1) Is there any harm in taking a girl to a skating rink?

ELIZABETH.

Yes.

Dear Mrs. Thompson: (1) My cousin's father has got an automobile and he lets her drive it. She and I would like to have a picnic and then drive to another town to a dance. Should we ask our boy friends to go with us?

BILLY AND TEDDY.

(1) Girls should be slow about asking boys to go places. It might be all right to ask them to go to the picnic, but it would be too much to suggest the dance, too.

(2) Boys should buy tickets for dancing.

Dear Mrs. Thompson: I have been invited to a party and asked to take a boy. I don't go with any boys, but the boy next door takes me to the picture show quite often. Would it be all right for me to ask him?

ELIZABETH.

Yes.

THE question sometimes is asked, "Why don't you perfume Ivory Soap for bath and toilet purposes?"

Our reply is this: "We think that the delightful, natural odor of the high grade materials we use should not be concealed by a stronger, artificial perfume. We think Ivory's natural odor is more pleasing than any perfume. It is a fragrance that suggests purity and cleanliness, a fragrance that people like from the beginning and never tire of."

Sift the flour and salt into a basin. Flour the blade of a knife, and chop the Crisco into the flour, being careful to keep the flour between the blade of the knife and the shortening. When the mixture looks like meal, add gradually the egg well beaten and mixed with the lemon juice. Roll the pastry into a ball with the knife. It may be used at once, but it will be improved if allowed to stand in a cool place for one hour. This pastry should be rolled out once and handled as lightly as possible. It may be used for sweet or savory dishes. Bake in hot oven.

*Lemon juice makes gluten of flour more elastic, so that dough stretches rather than breaks as pastries are rolled out.
